Summer 2020

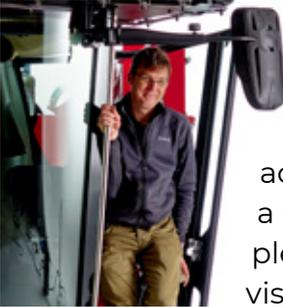

# BATEMAN

KEEPING THE WHEELS TURNING

# Welcome

I am delighted to welcome you to this issue of our Bateman Update.

With the cancellation of many shows for this year our Team Bateman demo team has been even busier showing our range of machines on farms across the UK. We are currently planning a second tour during September so please get in touch if you'd like us to visit your farm.

During our demo tour, we've had a lot of interest in our exciting new boom levelling system, see page 4 to find out more about BBL. We've also introduced an upgrade to the transmission on our RB55 sprayer, you'll find details on page 9.

And we've made it easier for you to purchase your Bateman by introducing a range of fantastic finance options which we tell you about on page 8.

Finally, congratulations to Team Bateman operator Matt Fuller on becoming the Farm Sprayer Operator of the Year 2020.

A handwritten signature in black ink, appearing to read 'J Bateman'.

Jason Bateman  
Managing Director

Our demo team is  
in your area.

Test drive the  
market leader  
in your field...

# Bateman Boom Levelling System

Our new BBL boom levelling system is literally next level. Designed to work with our highly acclaimed Variable Geometry boom, BBL controls the boom to follow the contours of the ground accurately and effortlessly.

The terrain is monitored via a series of sensors, guiding the boom immediately when height variation is detected. This results in a more dynamic boom response, greater agility and a more stable machine environment when spraying across widths of up to 42m.

Performing in all types of field and light conditions, spraying is facilitated without the need to change any pre-programmed spray settings.

For more information on BBL please contact **01769 580439** or email **[mail@batemansprayers.com](mailto:mail@batemansprayers.com)**

Designed to work with  
Variable Geometry  
boom up to

**42<sub>m</sub>**

Sensors constantly  
monitor the contours  
of the terrain for  
variations in height.

Boom adjusts  
laterally when  
spraying across or  
up an incline.

Ready when you are

**24<sub>hrs</sub>**

Boom height and  
consistency of spray  
are maintained when  
spraying in a dip.

# View from the cab

**Dunmore Hind farms wheat, barley, rape and spring oats in South Lincolnshire. Dunmore operates a Bateman RB55 and here he tells us why.**

## **Why did you choose Bateman?**

“I know a lot of people who have always run Bateman sprayers and swear by them, so I thought we ought to see one for ourselves and arranged a demo. We had originally planned for a 32m boom but the demo machine was 36m, however, after about 100yds into the field we couldn't believe how good the boom was, in fact it was phenomenal. We actually ended up fitting a 40m boom and are delighted that we went that much wider.”

## **How have you found operating a Bateman?**

“It's easy to drive and comfortable, the fields are all mapped, so we literally turn onto tramlines and hit the buttons – the boom levelling runs perfectly, the steering runs itself and you can sit and enjoy a coffee whilst you drive down the field.

“We opted for twin spray pumps to reduce downtime when filling, as I want to get water or liquid fertilizer in as quickly as possible. We can now get about 700 litres a minute in the tank which saves us a lot of time.

“People think of Lincolnshire as being flat, but we're on undulating ground here, which is why we were initially

apprehensive to go with such a wide boom. However, we needn't have worried, the boom levelling follows the ground so well that our spraying time has reduced considerably."

### **What do you think of the cab?**

"It's got a lot of room, the layout is very good and it's simple to operate. There is no back window, but I have to say it's not something I've missed, as you can never see anything anyway. In the Bateman I can see everything around my shoulders and around the sides so basically everything I need to see. We're very, very pleased with it."

### **What is your impression of Bateman's aftercare support?**

"When I ring the office somebody answers the phone that knows who I am, what machine I drive and all about it. I'm not passed from pillar to post and you can't fault that level of knowledge and service."

### **Now that you're the proud owner of a Bateman, how would you sum it up?**

"One of the most pleasurable jobs on the farm is driving the Bateman sprayer."

# Bateman Finance

## Need help spreading the cost?

We understand the nature of both growing and contracting businesses and we listen to our customers. The need to know your costs and the ability to maximise profit are perhaps more important than ever.

This is why we've introduced Bateman Finance.

### What this means for you

- The ability to budget and track your operating costs.
- Designed specifically for our Bateman customers.
- Flexible contract hire and hire purchase options.
- An in-house finance manager and a simple, seamless process.

Find out how we can help you step up to Bateman call us on **01769 580439** or email **[mail@batemansprayers.com](mailto:mail@batemansprayers.com)**

# Bateman RB55 Upgrade

Our popular 5,600 litre RB55 model has received an upgrade to the transmission, including cruise control and sport mode. The result is a more balanced and responsive joystick which works in harmony with the John Deere 275bhp, 6 cylinder turbo diesel engine.

We are also delighted to announce that our John Deere Tier 5 engines now come with a free 5 year/5,000 hour warranty.

For more information please contact **01769 580439**  
or email **[mail@batemansprayers.com](mailto:mail@batemansprayers.com)**

# Well Sprayed Sir!

Bedfordshire based Team Bateman operator Matt Fuller has won the ultimate accolade of Farm Sprayer Operator of the Year 2020. Matt's win was announced at the virtual Sprays & Sprayers event, held on-line as part of Cereals LIVE 2020.

Matt is the main sprayer operator for an arable business and drives a Bateman RB35 equipped with our optional Pinpoint II PWM system and a 32m wide VG boom.

For your work.  
For your leisure.

We've created the Team Bateman collection of stylish, quality garments and merchandise specifically for your work and leisure. To discover the complete range visit [batemansprayers.com/teambateman](https://batemansprayers.com/teambateman)
